## Crypto Explorers comes to Asia!

Crypto Explorers seeks to create the world's premier community of knowledgeable crypto-enthusiasts by hosting uniquely orchestrated events with a limited number of participants (always capped at 36 to remain "classroom sized"); deploying a fairly unusual roundtable format which strongly stimulates group engagement; and the highest caliber speakers – who act more like discussion leaders and are typically based in the locations where we meet, thus knowing the local landscape very well. Our first five Swiss events under the title "Crypto Valley Trip" (CVTs 1-5) were hosted in crypto hotspots Zug and Zurich (plus Liechtenstein) and you can read more about how they fostered deep, collaborative, long-lasting networking at our website [CryptoExplorers.org](https://CryptoExplorers.org)

Based on the great feedback we had from our previous participants – who are now members of our thriving Alumni Community – as well as frequent interest from mainstream media to cover our work, we have decided to expand our activities to other corners of the crypto world and Singapore will be our pilot two-day event in Asia during Blockchain Week just before [Blockshow.com](https://Blockshow.com)

## Pricing and conditions

The Singapore event is our first in Asia after five sold out editions in the Swiss Crypto Valley with excellent feedback from participants. To support this pilot initiative, we ask applicants to contribute with **SG\$500 for one day** (Monday or Tuesday) or **SG\$750 for both days**. Sponsorship packages including speaker slots are also available to help fund all the fun stuff we do as a group and those include one or more passes to attend the whole event. Payments methods are Crypto, PayPal or bank wire.

Referrals from Crypto Explorers alumni grant 30% off the prices above. We accept applications to our Scholarship Programme for qualifying PhD/Post Doctorate students to attend our events at no cost (travel and accommodation expenses not covered).

## Upcoming 2019 Trips

Crypto Explorers will expand globally in 2019 with a concept similar to the traditional "Hop On, Hop Off" tourist buses – we'll be visiting well recognized crypto hubs in each major crypto continent over a period of two to three weeks, spending two days in each destination and participants are welcome to attend from a single day to the whole period. If you're interested in joining those, please contact [info@cryptoexplorers.org](mailto:info@cryptoexplorers.org). The destinations currently proposed for 2019 are the following:

- **Europe Winter:** Jan-Feb 2019 (Crypto Valley, Malta, Dubai)
- **Asia Spring:** Mar-Apr 2019 (Singapore, Hong Kong, Taipei, Tokyo, Seoul, Beijing)
- **Americas Summer:** May-Jun 2019 (Toronto, New York, Chicago, San Francisco, Vancouver)
- **Europe Summer:** Jul-Aug 2019 (Crypto Valley, Berlin, Tallinn, London)
- **Asia Autumn:** Sep-Oct 2019 (Singapore, Hong Kong, Taipei, Tokyo, Seoul, Beijing)
- **Americas Winter:** Nov-Dec 2019 (New York, Puerto Rico, Miami, Austin, Los Angeles, San Francisco)

*Our Swiss events have been supported by renowned companies such as Thomson Reuters and Swisscom Blockchain, as well as successful ICOs like Storj.io and Gladius.io – we are pleased to partner with the following sponsors for our Singapore pilot event:*
